# Aarav Sharma - Senior AI Engineer

Email: aarav.sharma.ai@example.com | Phone: (555) 234-5678 | GitHub: github.com/aarav-sharma

---

## PROFESSIONAL SUMMARY

Lead AI Engineer with 5+ years building RAG pipelines, fine-tuning LLMs, and deploying to AWS.

## CORE SKILLS

Python, Machine Learning, Deep Learning, Natural Language Processing, NLP, PyTorch, Scikit-Learn, Transformers, Hugging Face, LLM, Generative AI, RAG, FAISS, Pinecone, AWS, Docker, Kubernetes, FastAPI.

## EXPERIENCE

**Senior AI Engineer | NeuralScale Technologies (2021 - Present)**

- Architected high-throughput RAG search using FastAPI, Pinecone, and Hugging Face.
- Deployed containerized microservices to AWS using Docker and CI/CD pipelines.

**Machine Learning Engineer | Apex Data Labs (2019 - 2021)**

- Trained NLP classification models with Scikit-Learn and BERT.

## EDUCATION

Master of Science in Computer Science | Stanford University (2017 - 2019)
Bachelor of Technology in Computer Science | IIT (2013 - 2017)
